THE MOST POWERFUL AND LIGHTEST CRICKET HELMET

# PROTECTION WITHOUT COMPROMISE

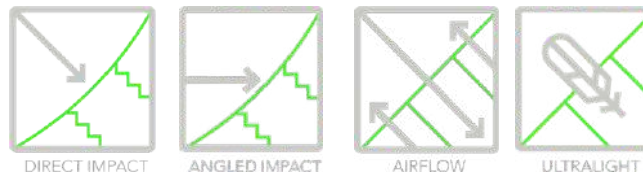

.....

- Our helmets are constructed following extensive research providing unmatched protection
- Forever innovating, Shrey is driven to bring you the best possible levels of protection, comfort and quality.
- All known safety requirements are met and surpassed as one would expect from Shrey being one of the pioneers in cricket helmet manufacturing.
- Technology is at the core of all we do when it comes to development where safety is paramount, but so is comfort!

- Koroyd's welded tubes crumple instantly and consistently on impact, absorbing maximum force in a controlled manner, minimising energy transferred to your head.
- This unique behaviour helps to protect your skull and brain from direct and angled impacts which may reduce the risk of suffering a life-changing injury.
- Air flows consistently through the open-cells, whilst hot air from your head can easily escape, ensuring more efficient cooling in the most intense conditions.
- Koroyd features the world's thinnest walled tubes, resulting in a structure which is 95% air. This reduces weight and enhances comfort without compromising on safety.
